

MJC Bio 111  
Reading Assignments  
Spring 2012  
Edition 8

Unless otherwise stated read the entire chapter. To test yourself do all the questions (they will not be turned in) Always learn the vocabulary and carefully read the summaries.

A good strategy is to read the summary of the chapter as a preview. Also read over the questions and you will get an idea of what is important in the chapter.

For optimum learning Power Outline the chapters.

Active learning is better than passive learning. Refer the study suggestions handed out on the first night of class.

Chapter 1 Invitation to Biology pages 3-21

Chapter 16 – Evidence of Evolution page 237  
read sections 16.1, 2, 3, 4, 5, 6, 7, 8 & 9
